

Low Profile Tailgate Spreader

Commercial grade spreader features a low-profile design for unrestricted rear view and a protected internal motor assembly.

- Dimensions: 40.1" H x 54.3" W x 27.3" D.
- Attractive and rugged thermoplastic black hopper and orange powder coated steel mounting frame resist rust and corrosion.
- Heavy-duty 12-volt spreader motor is housed in a sealed motor chamber inside the hopper for extra protection.
- Material flow and spread width, from 3' to 30' controlled from an in-cab electronic spreader control panel.
- Ultra-smooth 45° hopper interior and auger fight material bridging by channeling it to the stainless steel-lined hopper throat and spinner, providing an even flow of material without the need of expensive auger add-ons or vibration kits.
- Capacity: 10.79 cu. ft./809 lbs. #1 rock salt or similar material.
